

WINTER ROAD MAINTENANCE - What Residents Can Expect

1
PRIORITY

PRIMARY ROADS

Continuous monitoring, plowing & treated as accumulation begins.

2
PRIORITY

SECONDARY ROADS

Plowed and/or treated within **12-16 hours** at the end of an 5-8+ cm snowfall.

3
PRIORITY

LOCAL ROADS

Plowed and/or treated within **24 hours** at the end of an 8+ cm snowfall.

PASSABLE vs FULL CLEAN UP

● Passable

Timelines refer to making roads safe for travel, often a single pass on local roads, not bare pavement.

● Full Cleanup

Following major storms, complete snow removal and deicing may take **24-48 hours** or more.

TRAIL CLEARING

SELECT MUNICIPAL TRAILS.

Most Municipal trails are cleared within **48 hours** after the substantial end of snowfall.

SIDEWALK RESPONSIBILITIES

UNDER NEW SNOW CLEARING BYLAW:

Residents must clear sidewalks adjacent to their property within **24 hours** after the substantial end of snowfall. *As of Oct. 1, 2026*
