**PERMITS NOT VALID DURING PLOUGHING/SANDING/SALTING OPERATIONS**  
**OVERNIGHT PARKING PERMIT APPLICATION**

**Please read this information before submitting your application for a residential on-street overnight parking permit.**

1. All information provided is strictly confidential. Proof of residency and a copy of each vehicle ownership is required at the time of application. Both documents must contain your name and correct address. If neither shows your correct address, you must present either a formal lease agreement, utility bill or purchase & sale agreement showing the address where the permit is being sought prior to the permit being issued).
2. Overnight parking permits are issued to homeowners that do not have the ability to park all their motor vehicles off the street at night. The existing parking and traffic by-law prohibits on-street parking between the hours of 2:00 a.m. and 6:00 a.m. throughout the entire year, unless the motor vehicle has a valid overnight parking permit. All permit applications are reviewed on an individual basis and approvals are based on hardship and are not granted solely for convenience. Permit approval is based on hardship for parking availability and multiple vehicles registered to a person that are recreational or secondary vehicles will not be classed as hardship.
3. Overnight permits are \$125.00 (including applicable taxes). A minimum \$25.00 deposit is required at the time of application. Payments must be made by cash, debit or cheque only. Your deposit is reimbursed if your permit is not approved. However, if you withdraw your application, a \$25.00 administration fee is retained by staff. The permit is valid for one year upon full payment of permit.
4. All information on the application form must be completed before it is processed. Indicate in detail the reason for your request for on-street overnight parking. All overnight permit applications are subject to a site review by staff. The site review consists of measurements, parking sign review, photographs and an inventory of available parking spaces at the subject property. Garages are counted as parking spaces. Allow 1 week for processing. Parking overnight is not permitted until such time as permit is issued.
5. The vehicle displaying an overnight permit must be an automobile, van, pickup or other vehicle that is not registered as a commercial motor vehicle. Vehicles registered as commercial vehicles but have motor vehicle permits which the Ministry of Transportation has stamped the words "Primarily Personal/Recreational Use" or "P.U.O." are also accepted. Trucks, buses, or vehicles exceeding 21 feet are not permitted in any case. All vehicles must display a valid Ontario license plate.
6. If you reside on a street when parking is prohibited at all times on both sides of the roadway, indicate on the front of this form in the *Additional Information* section your preferred on-street parking location. If you reside on a corner property and prefer to park at the side of your residence, please indicate your preferred parking location, provided that parking is permitted on the secondary roadway.
7. Applicants that reside in an apartment building, townhouse, condominium, or any other medium to high density dwelling must submit with the completed application form, a letter from the property manager on official company letterhead stating that there is no space available to park the applicant's vehicle(s) on the said property at night.
8. Please direct inquiries to Transportation Services at (905) 356-7521, ext. 4700 or by e-mail at [tpservices@niagarafalls.ca](mailto:tpservices@niagarafalls.ca)

**\*NOTICE\*** Due to possible weather forecasts - Overnight parking is NOT permitted on any city streets between the hours of 2am and 6am during snow falls, even with an overnight permit. Permit holders must find an alternative option to keep off the roads for at least 72 hours.
