Personal information contained in this form is collected under the authority of subsection 8(1.1) of the *Building Code Act, 1992*, and will be used in the administration and enforcement of the *Building Code Act, 1992*. Questions about the collection of personal information may be addressed to the Chief Building Official of the City of Niagara Falls.

Completing this Form

C. Owner

In an effort to ensure that property owners are always notified of activities with the City with regard to their property, it is required that the Owner's information be provided to allow for their inclusion in correspondence sent from Building Services. Therefore if the applicant is not the owner of the property, please provide the owner information in the provided area.

D. Occupant Load

In order for Building Services to properly review and provide comment on the submitted application for liquor license it is important that the occupant loads of both the indoor and outdoor spaces to be licensed are provided. This occupant load includes the intended public occupancy however it also includes the staffing loads. Please provide the breakdown of occupant loads in the spaces provided.

Previously Licenced Premises

Where a premise has been reviewed and approved previously for a liquor license, please provide a copy of the previous liquor license with the submission for review.

Previously Unlicensed Premises

Existing unlicensed premise with no increase in floor area or occupant load shall provide:

- a) if indoor areas are proposed to be licensed, a floor plan drawn to scale showing the size and location of the licensed area within the building, interior walls, doors, washroom facilities and all exits.
- b) if outdoor areas are proposed to be licensed, a site plan drawn to scale showing the boundaries and dimensions of the subject lands, the location and size of the licensed area and all existing buildings and structures, the distance (setback) of the licensed area as well as building(s) and structures from all lot lines, and finally the size and location of the existing and proposed parking spaces/parking lot layout.
