General Program Guide

All of the financial incentive programs contained in the Downtown CIP are subject to the following general program requirements specified under each program. The general and program specific requirements contained in the Downtown CIP are not necessarily exhaustive and the City reserves the right to include other requirements and conditions as deemed necessary on a property specific basis:

- a) An application for any financial incentive program contained in the CIP must be submitted to the City prior to the commencement of any works to which the financial incentive program will apply and prior to application for building permit;
- b) If the applicant is not the owner of the property, the applicant must provide written consent from the owner of the property to make the application;
- c) An application for any financial incentive program contained in the CIP must include plans, estimates, contracts, reports and other details as required by the City to satisfy the City with respect to costs of the project and conformity of the project with the CIP;
- d) Review and evaluation of an application and supporting materials against program eligibility requirements will be done by City staff, who will then make a recommendation to City Council or Council's designate. The application is subject to approval by City Council or Council's designate. As a condition of application approval, the applicant must enter into an agreement with the City. This Agreement will specify the terms, duration and default provisions of the grant/loan. This Agreement is also subject to approval by City Council or Council's designate.
- e) Where other sources of government and/or non-profit organization funding (Federal, Provincial, Municipal, CMHC, Federation of Canadian Municipalities, etc...) that can be applied against the eligible costs are anticipated or have been secured, these must be declared as part of the Application. Accordingly, the loan/grant may be reduced on a pro-rated basis;
- f) The City reserves the right to audit the cost of any and all works that have been approved under any of the financial incentive programs, at the expense of the applicant;
- g) The City is not responsible for any costs incurred by an applicant in relation to any of the programs, including without limitation, costs incurred in anticipation of a grant and/or loan;
- h) If the applicant is in default of any of the general or program specific requirements, or any other requirements of the City, the City may delay, reduce or cancel the approved grant and/or loan, and require repayment of the approved grant and/or loan. Grant money approved for a project shall not be held in a reserved stated beyond the defined dates of the agreement;
- i) The City may discontinue any of the programs at any time, but applicants with approved grants and/or loans will still receive said grant and/or loan, subject to meeting the general and program specific requirements, and applicants with approved loans will still be required to repay their loans in full;

- j) All proposed works approved under the financial incentive programs and associated improvements to buildings and/or land shall conform to all municipal by-laws, policies, procedures, standards and guidelines;
- k) All works completed must comply with the description of the works as provided in the application form and contained in the program agreement, with any amendments as approved by the City;
- l) Existing and proposed land uses must be in conformity with applicable Official Plan(s), Zoning By-law and other planning requirements and approvals at both the local and regional level;
- m) All improvements made to buildings and/or land shall be made pursuant to a Building Permit, and/or other required permits, and constructed in accordance with the Ontario Building Code and all applicable zoning requirements and planning approvals;
- n) The size and placement of existing signage, including rooftop signs and billboards, will be taken into consideration on a case-by-case basis by the City when determining eligibility to apply for and receive any of the financial incentive programs contained in the Plan. The City may require conformity to the Sign By-law and/or removal of existing signage as a condition of approval of any of the financial programs contained in the Plan;
- o) Approval of an application for any of the financial incentive programs contained in the Plan will be based on compatibility of the proposed use with the Urban Design Guidelines, and any other guidelines applicable to the Downtown Community Improvement Project Area;
- p) When required by the City, outstanding work orders, and/or orders or requests to comply, and/or other charges from the City must be satisfactorily addressed prior to grant and/or loan approval/payment;
- q) Property taxes must be in good standing at the time of program application and throughout the entire length of the grant/loan commitment;
- r) City staff, officials, and/or agents of the City may inspect any property that is the subject of an application for any of the financial incentive programs offered by the City; and
- s) The incentive programs contained in the Downtown CIP can be used individually or together by an applicant, but the total of all grants and loans provided in respect of the particular lands and buildings of an applicant under the programs contained in the CIP and any other CIPs, shall not exceed the cost of rehabilitating said land and buildings.

Application Guide

1 Program Description

The intent of the Revitalization Grant Program is to provide a financial incentive in the form of a grant to help offset the increased property taxes that can result from the rehabilitation and revitalization of downtown residential and commercial properties. Therefore, only those projects that result in an increase in property assessment and property taxes will be eligible for funding under this program.

All alterations/improvements made to buildings and properties shall be made pursuant to a building permit, and constructed in accordance with the Ontario Building Code and all applicable zoning requirements and planning approvals.

2 Who can apply?

Owners of properties within the Downtown Community Improvement Project Area may apply. The City retains the right and absolute discretion to reject an application received from a person or corporation which in the opinion of the City or its professional advisers, does not possess the experience, financial, technical, personnel or other resources that may be required to carry out the obligations that the applicant proposes to assume under the terms of its application and loan agreement.

3 How does the program work?

The program is structured as a “pay-as-you go” program. The owner is expected to initially pay for the entire cost of the rehabilitation/revitalization project. Then, as the municipality receives the increased property taxes that result from the project, the City will reimburse the owner in the form of an annual grant. The grant is payable for up to 10 years after project completion or once the costs of the rehabilitation/revitalization project have been repaid to the owner, whichever comes first. The grant is equivalent to 80% of the increased municipal (City and Regional) property taxes in years 1 to 5, 60% in years 6 and 7, 40% in year 8, and 20% in years 9 and 10. In no case will the total amount of the grant payments provided under this program exceed the cost of the rehabilitation/revitalization project that resulted in the reassessment.

4 What types of properties are eligible for funding?

Residential and commercial properties are eligible. Properties with buildings, vacant properties and parking lots are eligible. The program does not apply to existing or proposed second level lodging houses or to short or long-term care facilities.

5 What conditions must be met to be eligible for a grant?

- Applications must be made in writing (see attached for Application Form);
- The City may require submission of a Business Plan, with said Plan to the City’s satisfaction;

- The property shall be redeveloped such that the amount of work undertaken is sufficient to at a minimum result in an increase in assessed value of the property by the Municipal Property Assessment Corporation (MPAC);
- The property owner will be required to submit an estimate of the total cost of the rehabilitation/revitalization works prepared by a bona fide contractor;
- The property owner may be required to submit other supporting documents as specified by the City (see attached list);
- All property owners who are approved for a grant must enter into a Grant Agreement with the City;
- Actual costs for any or all items eligible for the grant may be subject to audit by the City, at the expense of the property owner;
- All Grant Applications and Agreements must be approved by City Council;
- All improvements completed must comply with the description of the improvements as provided in the Application Form and contained in the Grant Agreement;
- Property taxes must be in good standing at the time of application and throughout the entire length of the grant period;
- If the building receiving a grant is demolished or any of the heritage features are altered in any way that would compromise the reasons for designation before the grant period expires, the remainder of the monies to be paid out under the grant shall be forfeited;
- Existing and proposed land uses and structures must be in conformity with applicable Official Plan(s), Zoning By-law and other planning requirements at both the local and regional level;
- All alterations/improvements made to buildings and properties shall be made pursuant to a building permit, and constructed in accordance with the *Ontario Building Code* and all applicable zoning requirements and planning approvals;
- Outstanding work orders and/or orders or requests to comply from the City must be satisfactorily addressed prior to grant approval;
- Where other sources of government and/or non-profit organization funding that apply directly to the eligible works (Federal, Provincial, Municipal, Municipal Heritage Committee, CMHC, etc...) are anticipated or have been secured, these must be declared as part of the application. Accordingly, the costs eligible for a grant may be reduced on a pro-rated basis.

6 Is there a fee to apply?

No.

7 When will the grant funds be advanced?

The first grant payment will be advanced once:

- a) a grant agreement has been signed, executed and registered on title (if applicable);
- b) the project is complete;
- c) the property has been reassessed by the Municipal Property Assessment Corporation (MPAC);
- d) Municipal property taxes have been levied based on the new assessment value;
- e) Municipal property taxes have been paid in full for at least one year after municipal property taxes have been levied based on the new assessment value; and

f) all assessment appeals have been resolved.

8 Can the grant be retained by the approved applicant if the property is sold?

Yes, subject to approval by the City.

9 Can the grant be assigned to a new property owner if the property is sold?

Yes, subject to approval by the City.

10 What are the default provisions

The default provisions are contained in the Grant Agreement. Payment of the grant may be delayed or cancelled by the City if:

- taxes are more than one year in arrears;
- the building is demolished or any of the heritage features are altered in any way that would compromise the reason for designation;
- the owner declares bankruptcy;
- the owner uses the grant for improvement works that are not eligible;
- the owner fails to maintain the improvements as required in the Grant Agreement; and,
- the owner is in default of any of the provisions of the Grant Agreement.

11 How do I apply for a grant?

- a) Arrange a pre-application meeting with staff in order to determine program eligibility, proposed scope of work, project timing, etc...
- b) If authorized to apply for a grant, complete an application form and ensure that your application includes all of the documents checked off in the required documents list.

12 What happens next?

- Applications and supporting documentation are reviewed by staff.
- Staff may request clarification or additional supporting documentation.
- Staff will perform an initial site visit(s) and inspection(s) of the property (if necessary).
- An estimate of the post-project assessed value is calculated based on information provided by the applicant.
- The estimated post-project assessed value is used to calculate the estimated grant and estimated duration of the grant.
- A recommendation on the grant application is made by staff and forwarded to City Council
- If your application is approved, the Grant Agreement is then executed and may be registered on title by the City. A copy of the agreement is also returned to you.
- Construction of the approved works may now commence, subject to issuance of a building permit(s).
- Once the rehabilitation/revitalization project is complete and the property has been reassessed by the Municipal Property Assessment Corporation, the City will check to see that the property is not in

tax arrears, and then use the new assessed value to calculate the actual municipal tax increment and the grant amount.

- The City will send a new property tax bill to the owner.
- Once payment of property taxes has been received in full for one year by the City, the City will issue payment of the grant in the form of a cheque in the amount specified as per the calculation of the actual grant.
