

Application for an Amendment to the Official Plan and/or Zoning By-law

Updated: February 2022

PRECONSULTATION

Preconsultation with City Planning staff is required under By-law No. 2009-170. Preconsultation identifies the information required to commence the processing of a development application. Preconsultation does not imply or suggest any decision whatsoever on behalf of City staff or the City of Niagara Falls to either support or refuse the application.

COMPLETE APPLICATION

The information requested herein, along with the appropriate fee and a signed preconsultation checklist, is required to constitute a "complete" application. A complete application includes all information required under Schedule 1 of Ontario Regulation 543/06 (Official Plan amendments) or Schedule 1 of Ontario Regulation 545/06 (Zoning By-law amendments) and information required under the City of Niagara Falls Official Plan.

Until all required information has been submitted to City standard, the City may refuse to accept or further consider the requested amendment. The timing provisions of the Planning Act do not commence until the applicant has been notified by the City that the application is considered complete.

OPEN HOUSE

Proponents of applications to amend the City's Official Plan and/or Zoning By-law are required to attend open houses hosted by City staff to inform surrounding property owners about the development that could result from the proposed amendments. The open houses occur approximately 5 weeks prior to the Public Meeting required by the Planning Act to be held with Council.

REQUIRED INFORMATION:

It is the responsibility of the applicant or authorized agent to complete the particulars required hereunder and to supply all of the requested documents to Planning & Development:

- 6 (six) copies of this application
- 2 (two) copies of the Land Registry "Final Deed" to the property
- 6 (six) copies of surveys or reference plans for the land. For lands which are the whole of a lot(s) or block(s) in a registered plan of subdivision, a survey or reference plan may not be required. Please confirm with Planning staff.
- 10 (ten) copies of a site plan (see below) and any other material (studies) which are relevant to the proposal.
- 1 (one) copy of the signed preconsultation checklist
- 1 (one) full size coloured rendering. All buildings should be coloured following these guidelines:
 -Single Detached Residential (Yellow)
 -Industrial (Blue)
 -Tourist Commercial (Red)

-Multiple Attached Residential (Orange) -Institutional (Brown)

- Copies of all required plans are to be provided in pdf format unless requested in digital format. Digital submissions must follow the Corporate Submission Standard Appendix A
- All on-site landscaping should be coloured green. Any landscaping on the City's/Region's road allowance should not be coloured.

PRELIMINARY SITE PLAN REQUIREMENTS:

- 10 (ten) copies of a preliminary site plan and one 8 ½" by 11" or 14" photo reduction are required to be submitted with any Zoning or Official Plan amendment application. The site plan must provide sufficient details of the intended development in order to assist in understanding the proposal. Generally, the following information should be included in the proposed site plan:
 - (a) Detail of Development

Lot Area (Square Metres)
Building Coverage (Square Metres and Percentage of Lot Area)

Total Building Size (Square Metres)
Building Height (Metres and Storeys)
Landscaped Area (Square Metres and Percentage of Lot Area)
Number of Units and/or Total Gross Floor Area
Number of Parking Spaces and Dimensions

This information provides the base estimate only, please note additional Niagara Region charges may apply dependent on the application

- (b) Design Details (Basic Information)
 - Future road widenings
 - Property boundaries (plan to show dimensions)
 - Location of proposed and existing buildings (plan to show dimensions from property boundaries)
 - Maximum dimensions of buildings (size and type)
 - Distance between buildings
 - Cross-section of buildings over 4 floors or those that provide underground parking
 - Layout and dimensions of roadways, including their name and status, driveways, ramps and parking areas that are on or adjacent to the subject lands or may affect this application
 - Location of natural features such as existing trees and watercourses, etc., and artificial features such as wells or septic tanks that are on or adjacent to the subject lands or may affect this application
 - North arrow (preferably the drawing shall be oriented to have a vertical north line)
 - Metric scale (preferably 1 to 100, 200 or 400)
 - All printing shall be clear and legible
 - Existing and proposed ground elevations
 - General location map
 - Existing and proposed utility features on road allowance (fire hydrants, sidewalks, poles, etc.)
 - If access is by water only, the location of the parking and docking facilities to be used
 - Current land uses on adjacent lands
 - The location and nature of any easement affecting the subject land
 - Natural/built drainage features

NOTE: Should the amendment application be approved, greater details will be required at the time of processing a final Site Plan. The applicant should be aware that the above development and design details (items 17(a) and (b)) may only reflect a portion of the information which may be required pursuant to the Municipality's Site Plan Control Policy and to facilitate a proper evaluation by Staff and Council. The submission of sufficient information to City standard is the responsibility of the applicant and site designer.

ADDITIONAL REQUIRED INFORMATION FOR BUILDINGS IN EXCESS OF FOUR STOREYS IN THE TOURIST COMMERCIAL DISTRICTS (BY-LAW NO. 99-183)

- (a) 15 copies of the following:
 - site survey
 - context plan
 - concept plan and massing drawing
 - landscaping plans and details
 - site plan and preliminary design details
 - floor and roof plans
 - sections and elevations
 - site statistics inclusive of: site area; total gross floor area; gross floor area of building footprint; maximum height; number of parking spaces
- (b) For large-scale developments and buildings over 10 storeys in height, the following shall be provided:
 - sun/shadow drawings
 - pedestrian-level wind study
 - transportation and servicing impact study
 - Architectural Peer Review report

Applications may require additional support material or studies which can be requested by the City. Please refer to the Tourist Area Development Application Guide for more details.

The City of Niagara Falls is dedicated to ensuring that everyone will be able to access the information they need. Studies submitted with Planning Applications may, upon the request of City Staff, be required to meet the accessibility standard of WCAG 2.0 Level AA.

City of Niagara Falls Appendix A Corporate Submission Standard

The following are standards required by applicants/consultants for submissions to the City.

The City reserves the right to deem a development application or project submission "Incomplete" if these standard submission requirements are not met.

Digital Delivery:

Digital submissions will be delivered to The City either by Secure Drop Box, Secure FTP or by portable drive submission directly to the applicable municipal staff

Ownership Confirmation:

"Final Deed" from the land registry office will be the only acceptable proof of ownership accepted by City staff. A detailed PIN and associated PIN Map may also be required upon request.

(Preliminary or In-Progress deeds or Transfers are not proof of ownership and unfulfilled conditions may revert ownership modifications.)

Address Validation:

Civic addressing must meet internal validation rules and match the corporate addressing database.

Addressing is implemented by Information Systems – GIS division, and adheres to the most current "Civic Addressing Policy"

Photos/Pictures:

The standard format for photos and pictures without data will be .tif or .jpeg

Graphical Images:

Graphical images will be accepted in .pdf format but are not considered true digital plans.

Preliminary or conceptual plans may be in this format where indicated in writing by City staff

Plans/Drawings:

All digital plans transferred to The City are to be supplied in true spatial format as outlined below:

- Projected and tied to Geographic Coordinate System_North American Datum_1983_CSRS_Universal Transvers Mercator_Zone 17N
- Be provided in one of three acceptable formats including ESRI file geodatabase, shape file (.shp) version10.3 or higher or AutoCAD drawing file (.dwg) version 2016 or higher, for compatibility purposes.
- Meet the corporate CAD standard template available from https://niagarafalls.ca/pdf/municipal-works/cad-manual/cad-standards-manual.pdf
- Follow proper topology rules (closed polygons, snapped lines etc)
- Ensure unique Identification links between the graphics and data attributes (hovers, labels, annotation and text layers do not qualify as identifying links)
- Include all support files or customizations necessary to defend and reprint the submission
- Be accompanied by MetaData and include at least the following six attributes: Last Modification Date, File Format, Data Source, Technical Contact Info, Project or File Reference Number, Unique ID Field Name

All exceptions or allowances must be agreed upon by City management staff and be stated in writing within the file.

APPENDIX B

Environmental Site Screening Questionnaire

In order to assist in determining if the subject lands are potentially contaminated, applicants are to complete the following. It should be acknowledged that if there is reason to suspect contamination, further studies and plans will be required and that a Record of Site Condition will also be required in the event of remediation.

| | Has the grading of the subject land been changed by adding earth or material? Has filling occurred on the subject land? Yes M No Unknown |
|-----|--|
| | Has a gasoline station and/or automobile service station been located on the subject land or adjacent lands at any time? ☐ Yes ☑ No ☐ Unknown |
| | Has there been petroleum or other fuel stored on the subject land or adjacent lands? ☐ Yes ☑ No ☐ Unknown |
| | Are there or have there ever been underground storage tanks or buried waste on the subject land or adjacent lands? ☐ Yes ☐ No ☐ Unknown |
| 5. | Have the lands or adjacent lands ever been used as an agricultural operation where cyanide products may have been applied as pesticides and/or sewage sludge applied to the lands? Yes Mo D Unknown |
| 6. | Have the lands or adjacent lands ever been used as a weapons firing range? ☐ Yes ☐ No ☐ Unknown |
| 7. | Is the nearest boundary line of the application within 500 metres (1,640 feet) of the boundary line of an operational/non-operational public or private waste disposal site, landfill or dump? □ Yes ☑ No □ Unknown |
| 8. | If there are existing or previously existing buildings on the subject lands, are there any building materials remaining on the site which are potentially hazardous to public health (e.g., asbestos, PCB's)? Yes M No Unknown |
| 9. | Is there reason to believe the subject lands may have been contaminated by existing or former uses on the site or adjacent sites?* ☐ Yes ☑ No ☐ Unknown |
| | *Possible uses that can cause contamination include: operation of electrical transformer stations, disposal of waste minerals, raw material storage, and residues left in containers, maintenance activities and spills. Some commercial properties such as gasoline stations, automotive repair garages, and dry cleaning plants have similar potential. The longer a property is under industrial or similar use, the greater the potential for site contamination. Also, a series of different industrial or similar uses upon a site could potentially increase the number of chemicals which are present. |
| 10. | If current or previous use of property is industrial or commercial, or if the answer is YES to any of 1 to 9 above, please attach a previous use inventory showing all former uses of the subject land, or if applicable, the land(s) adjacent to the subject lands. |

ACKNOWLEDGEMENT CLAUSE:

I hereby acknowledge that it is my responsibility to ensure that I am in compliance with all applicable laws, regulations, guidelines and the City's Official Plan policies pertaining to contaminated sites, and to use all reasonable effort to identify the potential for contamination on the subject property. I acknowledge that as a condition of approval of this application that the City may require me to file a Record of Site Condition signed by a qualified person in the provincial Environmental Site Registry, and provide verification to the City of acknowledgement of this Record of Site Condition by the Ministry of Environment. I acknowledge that the City may require the qualified person signing the Record of Site Condition to submit to the City a Declaration acknowledging that the City may rely on the statements in the RSC. I further acknowledge that the City of Niagara Falls is not responsible for the identification and/or remediation of contaminated site, and I agree, whether in, through, or as a result of any action or proceeding for environmental clean-up of any damage or otherwise, I will not sue or make claim whatsoever against the City of Niagara Falls, its officers, employees or agents for or in respect of any loss, damage, injury or costs.
