

PRECONSULTATION

Preconsultation with City Planning staff is required under By-law No. 2009-170. Preconsultation identifies the information required to commence the processing of a development application. Preconsultation does not imply or suggest any decision whatsoever on behalf of City staff or the City of Niagara Falls to either support or refuse the application.

COMPLETE APPLICATION

The information requested herein, along with the appropriate fee and a signed preconsultation checklist, is required to constitute a "complete" application. A complete application includes all information required under Schedule 1 of Ontario Regulation 543/06 (Official Plan amendments) or Schedule 1 of Ontario Regulation 545/06 (Zoning By-law amendments) and information required under the City of Niagara Falls Official Plan.

Until all required information has been submitted, the City may refuse to accept or further consider the requested amendment. The timing provisions of the Planning Act do not commence until the applicant has been notified by the City that the application is considered complete.

OPEN HOUSE

Proponents of applications to amend the City's Official Plan and/or Zoning By-law are required to attend open houses hosted by City staff to inform surrounding property owners about the development that could result from the proposed amendments. The open houses occur approximately 5 weeks prior to the Public Meeting required by the Planning Act to be held with Council.

REQUIRED INFORMATION:

It is the responsibility of the applicant or authorized agent to complete the particulars required hereunder and to supply all of the requested documents to Planning & Development:

- 35 (thirty-five) copies of the completed subdivision application. If further copies are needed, the applicant will be notified.
- 35 (thirty-five) copies of the draft plan, drawn to scale, containing the required information under Section 51 (17) of the Planning Act plus one 8 ½ x 11" reproducible copy.
- The application should be completed by the property owner of his/her authorized agent. Where it is being made by an agent, written authorization by the property owner is required.
- 20 (twenty) copies of a background report or any other reports required under the Official Plan. It is the responsibility of the owner to research and evaluate the site and the proposal to ensure that the development will conform with the interests of the health, safety and welfare of the future residents, either owners or tenants.
- A photo of the "notice sign" on the site.
- Copies of all required plans are to be provided on a CD in pdf format.

They City may refuse to accept or further consider an application until the required information and material, all draft plans and the application fee have been received. Within 30 days of the receipt of the application fee, the City shall notify the applicant/authorized agent of the completeness of the application. The timing provisions contained in the Planning Act for the processing of the application under Section 1(34) do not begin until the City has notified the applicant that the application is complete.

DRAFT PLAN REQUIREMENTS UNDER SECTION 51(7) OF THE PLANNING ACT:

- (a) the boundaries of the land proposed to be subdivided, certified by an Ontario Land Surveyor;
- (b) the locations, widths and names of the proposed highways within the proposed subdivision and of existing highways on which the proposed subdivision abuts;
- (c) on a small key plan, on a scale of not less than one centimeter to 100 metres, all of the land adjacent to the proposed subdivision that is owned by the applicant or in which the applicant has an interest, every subdivision adjacent to the proposed subdivision and the relationship of the boundaries of the land to be subdivided to the boundaries of the township lot or other original grant of which the land forms the whole or part;
- (d) the purpose for which the proposed lots are to be used;
- (e) the existing uses of all adjoining lands;
- (f) the approximate dimensions and layout of the proposed lots;

- (g) natural and artificial features such as buildings or other structures or installations, railways, highways, watercourses, drainage ditches, wetlands and wooded areas within or adjacent to the land proposed to be subdivided;

APPENDIX 1**Environmental Site Screening Questionnaire**

In order to assist in determining if the subject lands are potentially contaminated, applicants are to complete the following. It should be acknowledged that if there is reason to suspect contamination, further studies will be required and that a Record of Site Condition will also be required in the event of remediation.

1. Has the grading of the subject land been changed by adding earth or material? Has filling occurred on the subject land?
 Yes No Unknown
2. Has a gasoline station and/or automobile service station been located on the subject land or adjacent lands at any time?
 Yes No Unknown
3. Has there been petroleum or other fuel stored on the subject land or adjacent lands?
 Yes No Unknown
4. Are there or have there ever been underground storage tanks or buried waste on the subject land or adjacent lands?
 Yes No Unknown
5. Have the lands or adjacent lands ever been used as an agricultural operation where cyanide products may have been applied as pesticides and/or sewage sludge applied to the lands?
 Yes No Unknown
6. Have the lands or adjacent lands ever been used as a weapons firing range?
 Yes No Unknown
7. Is the nearest boundary line of the application within 500 metres (1,640 feet) of the boundary line of an operational/non-operational public or private waste disposal site, landfill or dump?
 Yes No Unknown
8. If there are existing or previously existing buildings on the subject lands, are there any building materials remaining on the site which are potentially hazardous to public health (e.g., asbestos, PCB's)?
 Yes No Unknown
9. Is there reason to believe the subject lands may have been contaminated by existing or former uses on the site or adjacent sites?*

*Possible uses that can cause contamination include: operation of electrical transformer stations, disposal of waste minerals, raw material storage, and residues left in containers, maintenance activities and spills. Some commercial properties such as gasoline stations, automotive repair garages, and dry cleaning plants have similar potential. The longer a property is under industrial or similar use, the greater the potential for site contamination. Also, a series of different industrial or similar uses upon a site could potentially increase the number of chemicals which are present.

10. If current or previous use of property is industrial or commercial, or if the answer is YES to any of 1 to 9 above, please attach a previous use inventory showing all former uses of the subject land, or if applicable, the land(s) adjacent to the subject lands.

ACKNOWLEDGEMENT CLAUSE:

I hereby acknowledge that it is my responsibility to ensure that I am in compliance with all applicable laws, regulations, guidelines and the City's Official Plan policies pertaining to contaminated sites, and to use all reasonable effort to identify the potential for contamination on the subject property. I acknowledge that as a condition of approval of this application that the City may require me to file a Record of Site Condition signed by a qualified person in the provincial Environmental Site Registry, and provide verification to the City of acknowledgement of this Record of Site Condition by the Ministry of Environment. I acknowledge that the City may require the qualified person signing the Record of Site Condition to submit to the City a Declaration acknowledging that the City may rely on the statements in the RSC. I further acknowledge that the City of Niagara Falls is not responsible for the identification and/or remediation of contaminated site, and I agree, whether in, through, or as a result of any action or proceeding for environmental clean-up of any damage or otherwise, I will not sue or make claim whatsoever against the City of Niagara Falls, its officers, employees or agents for or in respect of any loss, damage, injury or costs.
