**Construction Inspector:** Cor Visentine (UEM)  
(905) 351-8705

**City Staff:** Joe D'Agostino, C.E.T.  
Construction Services Supervisor, Municipal Works  
(905) 356-7521 Ext. 4319

**Pre-Construction Surveys:** **WHS**, a pre-construction survey company, has been retained by the Contractor to conduct internal and external building inspections, to establish the pre-construction condition of your property.

The purpose of this inspection is to determine and document the extent of any cracking or other damage (if any) that exists prior to the commencement of construction.

This information may be used to determine the extent of the Contractor's responsibility in the unlikely event that damages to your property occur during construction. These representatives will have identification with them.

**What to Expect: (during construction)** Due to the scope of the work involved, lane shifts/closures will be required to safely complete the work, but two-way traffic will be maintained at all times. On-street parking will not be permitted for the duration of the project due to construction staging and more importantly safety. The Contractor will be working with businesses and property owners to coordinate access restrictions and alternate access points wherever possible.

At times there may be some inconvenience to you during the construction period, including construction vehicle traffic, noise and dust. We respectfully request your patience and cooperation during this period.

**Restoration:** Your property may be disturbed during construction, if restoration work is required the work will be completed in accordance with City standards and the contract specifications, the Contractor will restore affected to a standard equal to or better than the existing condition.

Please contact the City's representative should you have any additional questions or require further clarification.

**Thank you for your patience and co-operation.**
