

**THE CORPORATION OF THE CITY OF NIAGARA FALLS  
REQUEST FOR QUOTATION – RFQ4-2019  
SUPPLY & INSTALLATION OF  
SOLAR POWERED LIGHTING SYSTEMS  
AT FIVE (5) CITY PARKS**

***SCOPE OF WORK***

**1. BACKGROUND**

The City of Niagara Falls would like to implement Solar Powered Lighting Systems at five (5) city parks in Niagara Falls, Canada.

The parks are:

- Westfield Park, (6983 Warden Ave.)
- A J McKinley Park, (4868 Chrysler Ave.)
- Stamford Lions Park, (3843 Orlando Dr.)
- Glenview Park, (4521 Leader Lane)
- Gustavus Munro Park, (8180 Rideau St.)

The Solar Powered Lighting Systems shall meet the required specifications listed below. **Supply and installation of complete assembly** of the Solar Powered Lighting System is required at each park location. One Solar Powered Lighting System will be installed at each park to provide lighting for the adjacent playground.

**2. PROJECT TIMELINE**

- a) Within two (2) weeks of project award, the Contractor shall provide the City of Niagara Falls with product shop drawings for acceptance.
- b) Within one (1) week after shop drawing acceptance, the contractor shall supply the City of Niagara Falls confirmation of purchase order from the supplier for the Solar Powered Lighting Systems.
- c) The Contractor is to provide written confirmation of product delivery within two (2) days of receipt of materials.
- d) Installation must occur within four (4) weeks following product delivery.
