NOTICE

This contract utilizes the **Niagara Peninsula Standard Contract Document (NPSCD)** which must be utilized in preparing bids for tenders or quotations.

Refer to Niagara Peninsula Standard Contract Document:

Special Provisions - General
Special Provisions - Contract Items
Supplementary General Conditions of Contract
OPS General Conditions of Contract

The NPSCD is available on-line at:

<http://www.niagararegion.ca/business/tenders/npscd/>

Contracts issued through tender calls and quotations will reference the NPSCD and the responsibility for obtaining or having access to the document will rest solely with the bidder.

For all contracts called utilizing the Niagara Peninsula Standard Contract Document, the latest revision of the document as of the first date of tender advertising, is the document of record for that contract.

Should a revision of the Standard Contract Document be published after the initial tender call, the revised document will only apply on this contract through notification in the form of an addendum by the Owner.

Revision #20 (April 2019) is the current edition being used.

Tenderers are further advised of the "Instructions to Bidders" Clause 6 "Informal Tenders" and the reasons why tenders shall be rejected.

The **City of Niagara Falls Street Lighting Design and Construction Guidelines** shall be read in conjunction with this RFT. Electrical work shall be carried out in accordance with the requirements specified in the City of Niagara Falls Street Lighting Design and Construction Guidelines. All drawings, citations and established lighting criteria shall be followed and shall be considered as part of the terms of this RFT.
