SAFETY BEFORE CONVENIENCE

NO STOPPING ZONE SAFETY FACTS

Areas designated as NO STOPPING near school zones are installed for the safety of all children and parents

Vehicles stopping, even momentarily, can quickly create a dangerous environment for children as they exit vehicles or are difficult to see around cars and trucks.

Please be aware of pick up and drop off times at schools, as these result in very high traffic volumes in short amounts of time, increasing risk of an accident or injury.

Vehicles identified in a No Stopping zone will result in an immediate ticket being issued.

As a result of changes to Provincial legislation for the issuance of parking infractions, vehicles repeatedly identified in these restricted areas and driving away before the ticket can be handed out, will receive the ticket through a mailing-out process.

In the attempt to leave the area before receiving the infraction, motorists are not watching for pedestrians or other motor vehicles and increase the possibility of injury to the children or the public.

To avoid potential safety hazards and receiving any parking penalty notices, please take a few extra moments to find safer parking opportunities outside of posted restricted areas when dropping off and picking up your child or children.

WHAT THIS SIGN MEANS:

The halting of the vehicle, even momentarily, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a Police Officer or of a traffic control sign or signal, is prohibited:

Fine-\$50.00: Ontario Highway Traffic Act
